It was a warm summer day in July when a man, known only to a few, arrived on the Saint Francis campus. His name was Brother Matthew Lyons and he was to take over as the new Principal. As he walked to his office in the 100 building, he thought what a big step he was taking; being principal of a school with over 1400 students compared to a school with a student body only half the size of the previous year. It will be a great challenge he thought, as he walked up the steps and into the main office. In no time at all he adjusted to the office procedures and began to interact well with students, parents, faculty, staff, and administration. This was all seven years ago and now it is time to say good-bye.

Ecclesiastes (Ch. 3, v.1) tells us, "There is a season for everything, a time for every occupation under heaven . . ." After seven years at St. Francis High School this is my time to move on to a new occupation in my Religious Congregation of Holy Cross. I arrived in the summer of 1976 from New Orleans, Louisiana to assume the important job of Principal at St. Francis High School. From my first days at St. Francis I found the students and parents to be warm and friendly and accepting of me; the faculty and staff dedicated and caring; and, my brothers in the religious community a prayerful, friendly and committed group of men.

Over the past seven years I have been reinforced in these convictions in many ways.

I hope that the students at St. Francis have become better persons with a fuller understanding of their life in Christ; are scholastically well-prepared for a full and meaningful life; and have experienced a balanced program of sports and activities that develop them physically and socially for a full and balanced life. If these things have happened in some way, then I consider my time at St. Francis to have been meaningful and fulfilling.

As I say good-bye to my friends at St. Francis and move on to my new assignment, hopefully continuing to do God's work, I say to you, "... fear God, and keep his commandments, since this is the whole duty of man." (Eccl., Ch. 11, v. 13)

Br. Matthew Lyons

When asked what he will miss about St. Francis, Br. Matthew stated: "The day-to-day challenges, the interaction with the students, just everyone I have come to know during the time I have spent here."

We, the students and the faculty and staff, will miss Br. Matthew as much as he will miss us.

I ♥ ST. FRANCIS

What do you like most and least about your high school?

The "Can't be Beat" spirit is the best! ***Laurie Andrich '86***

"The thing I like about SF is that the people seem to care a lot more about you than at a public school. Also, something that I dislike about it is that it seems a little hard to survive in the classes, but this is really good because it gives me a challenge in school." ***Mike Gates '85***

"The thing I like most about St. Francis is the school-wide support that we receive. The thing that I dislike most is the idea of being competitive can be carried too far." ***Rob Durkin '83***

"I like checking out the seniors during munch, and I dislike having 4 tests on one day—especially Friday!" ***Carl Zieske '86***

"One thing I like about St. Francis is it's spirit. Everybody has a common unified feeling for SF. The thing I dislike is the competition for dress (especially the girls)." ***Leticia Cabello '84***

"The thing I don't like about SF is the way Mr. Speckman smiles and laughs when he gives you a detention." ***Pat McGovern '86***

"The thing that I like most about SF is the overall attitude and concern that the coaches have toward the players. I'd like to say thanks to them all! The thing I dislike most is that it took too long for the senior class to come together. No, the thing I disliked most was when Fr. John left the school." ***Greg Heintz '83***

"I love all the guys, there are so many! I also like the fries! I don't like the upperclassmen calling me Frosh!" ***Dia LoGrasso '86***

"One thing I dislike about SF is the part I have to take home with me, HOMEWORK!" ***Vince Alvarado '83***

"The thing I like about St. Francis is the massive quantities of fine-looking girls. The thing I don't like is that I don't have enough time to look at them all." ***Brian Zulevic '86***

"I don't like page twenty-one." ***Jenny Miller '86***

"The one thing about St. Francis that I like is the unity. I love going to football games and seeing almost everyone there yelling and cheering. The one thing I dislike is that sometimes it's like a popularity contest. Other than that, it's fine." ***Mary Amaral '84***

"The thing I like most about SF is the people. I do not think I could have met people any nicer than the ones right here. They are so warm and friendly. Where I came from, people would not so quickly befriend you. I am glad that my family moved here." ***Matt Fields '84***

"The best thing about SF is the people who go here. What makes a good school is the student body and I think that SF has the best students around! Something I don't like about our school is the strong pressure to get good grades. But other than that, there is nothing I dislike . . . and there is no other school I would rather go to!" ***Susan McMullen '83***

The Question: To Punk or To Prep?

A few years ago one alien alligator crept onto campus, and today has made our school its home. The "preppy look" is "in" at St. Francis bringing with it polo shirts and topsiders (without socks).

The Preppies are here but "fer sure" the Vals are coming! The valley lifestyle has reached SF—not just valley "talk" but fashion also, including miniskirts, colored tights, ballet shoes, headbands and "shag" haircuts.

On the other side of the valley is the ocean inhabited by surfers wearing vuarnets, vans and OP wear.

Beyond the ocean, as a matter of fact ***beyond the believable,*** *exists the punk rockers. Their look, which starts with hair that is colored or cropped, is outlandish yet somehow still conservative. Their clothing, a variety of past fashions, concentrates on your basic black. The wardrobe is made complete by safety-pin earrings, spiked collars & bracelets, and red high-top tennies.*

These fashions represent many different areas, but at SF they represent ***one*** *Student body.*

VIDEO MANIA

You pop that quarter in and start gobbling up the dots with your round-faced Pac-Man, while trying to avoid Blinky, Pinky, Inky, and Clyde. Sound familiar?

There's no arguing that video games have become the current craze.

Players of all ages dropped more than 20 billion quarters into arcade machines in the last year. This current fascination of playing video games has hooked many a person and drained them of many a paycheck. Are ***you*** *one of these crazies who are hooked on video games?*

Snow Skiing-- A Popular Sport

*"It's that feeling of being on the brink of disaster every second as you fly down the mountain looking at the valley seven thousand feet below that excites me," **Eric Schwertly '84.** Skiing has become a very popular and fast growing sport all over the country. When winter rolls around all anyone seems to think about is when they will be able to hit the slopes for a fun-filled weekend. This sport has something for everyone. It attracts people of all ages and from all walks of life because it's exciting and always fast-moving (except lift lines). There's a social aspect too; half the fun of it is the people you meet. Whether you're an expert or just an occasional weekend skier, the thrill and danger of racing down a challenging run is enough to get your adrenalin pumping.*

I ❤ Snow Skiing

*"Windsurfing is one of the few things that gives you a natural high as a result of surfing along—hanging only inches above the water," says **Junior Jorg Heinemann.** The oceans and lakes are full of good slopes and free rides. No tours to bother with, lines to wait for, or passes to buy.*

*"The thing I like most about St. Francis is the way the school comes together for a single person or cause—the unity." **John McKenzie '83***

I ❤ SF

*SF Varsity is ranked #1 and expected to take the CCS, as evidenced by **Greg Calcagno's** passing ability.*
For more details, see pages 52-57.

"The one thing I really like about SF is the all-around social atmosphere in which we go through every single school day, event, dance, etc. In all the years I've been in school, SF is by far the best and funnest to be in because of the unity, spirit and caring for one another here at St. Francis." ***Stefano Bortolin '83***

H_2O Skiing--Wet and Wild!!

When springtime hits and the water gets warm, it's time to drag out those water skis that have been hibernating all winter long and head up to the Delta for a week-end of fun and relaxation in the sun.

Waterskiing has become more and more popular because of the challenge that is involved. "It's the most outrageous sport around," says Senior ***Jill Brookhouser.***

Making spray, ***Jill Brookhouser '83,*** *perfects her style.*

The Most Embarrassing Moment of my life is . . .

"You, ***Courtney Hay,*** *have been selected as the most easily embarrassed."*

"last year at the beach on the last day of school. For those of you that were there, I'm sure you remember." ***Greg Antonoli '83***

"when I had to sing in front of the whole class because I forgot my biology book." ***Teri Cesena '85***

"when I ran outside my house in a t-shirt and underwear only to find about 15 of the senior male species." ***Diana Andrich '83***

"when I could not get my locker open so I had to ask a senior to open it for me." ***Terry Moore '86***

"when Chris Larwood and Roger Caetano put me in a shopping cart and left me in Brentwood." ***Michele Langley '83***

"when my girlfriend walked by my 5th period Civics class and stuck a note to the window that said, 'I love you Whoopy.' I'll never live it down. The class was all over me and Bishop DuMaine was even sitting in the class." ***Jim Downey '83***

"when I accidentally walked into the girls' locker room only to find that it was full of the varsity football team." ***Maria Agosino '86***

Computer Craze

Dim statements, For-Next loops, and Print Using are just a few words of the new language that is catching on at St. Francis. "I think there is an increase in students taking Computer Programming because they realize that computers are going to be the future," says Mr. DeLion, Computer Programming Instructor. More and more computers are being bought for home use every day. In the main office they use computers for word processing, accounting, class schedules, and even our ***report cards*** *(**pray** for computer breakdown!).*

Trying to decipher computer code, **Junior Steve Guerth** *is utterly confused.*

Pumping iron, running, stretching—in a word, ***EXERCISE.*** *That's what makes a top-notch athlete. At a football game we see the players in top form. What we don't see is the intensive training program that the athlete must religiously perform, day-in and day-out to*

Leg-Extended Lancer, **Joe Awender '84**, *knows that training is very important.*

Running to catch a spirit.

After burning off those calories in the weight room, why not indulge yourself? Chocolate chip cookies (the bigger the better!) candy bars, and chips of all kinds are a perfect choice. Oh . . . and to drink? A Diet Pepsi, of course. After all, you are on a diet, ***aren't you?***

Never say Diet!

ASB Meets the Challenge

Photographed by Katie Dougherty

MEETING THE CHALLENGE! That was the goal of this year's Student Body leaders—

to meet the challenge of getting more students involved than ever before. The 1982-83 ASB Executive Council consisted of the five most energetic students possible. As ***Mr. Joe Adams (Advisor)*** *put it, "These kids are an Activities Director's dream." They were* ***Doug Pica (President), Todd Nelson (Vice-President), Diana Andrich (Secretary), Michele Rossi (Treasurer), Betsy Beasley, and Tony Siress (Spirit Commissioners).***

The list of accomplishments goes on and on. One notable difference was the new ASB office which was combined with the Student Activities Office. This would not have been possible without Mr. Adams who believed the ASB officers should work more directly with the schools' activities. Students agreed the office was a positive place to go and talk and give ideas. The "teacher pal" coordinated by Diana, rooter busses through Todd's dedication, and rallies revamped by Betsy were just a few of the projects accomplished.

The individual class officers did a fantastic job, as evident through the unity in each of the classes. The turnout at dances broke all-time records-and the success of the KMEL dance started a new trend at SF. The '82-'83 Student Council definitely MET THE CHALLENGE!

The Executive Council works as a team and sits as a team.

The ASB Family— ***Doug Pica, Todd Nelson, Diana Andrich, Michele Rossi, and Betsy Beasley.***

A Storybook Dream Come True

Radiant Winners, King Riley Cranston and Queen Gina Baciocco

Breaking with tradition, the 1982 Homecoming Court coronation took place during halftime festivities at the St. Francis vs. St. Ignatius football game.

Candidates were first nominated by the senior class members, and then elected by the entire student body. Candidates were formally presented for the first time at the homecoming rally.

Julie Labmeier,** 1981 Homecoming Queen, presented a crown and roses to **Queen Gina Baciocco** and a scepter to **King Riley Cranston.** First Runners Up were Princess **Laurie Rude** and Prince **Rob Durkin.** Completing the Homecoming Court were Princess **Karen Larson,** Prince **Gus Samios,** Princess **Linda Ward,** and **Prince Pat Sheehy.

Alumni "Phone Home" for the Big Week

Cardboard boxes, spray paint cans, early mornings, and enthusiastic students combined to create a successful and enjoyable Homecoming week for the whole school community.

The week began with quad decorating and dressup to the theme of "Storybookland" by the Seniors. The tricycle parking lot, the playground, and the baby's room were the key attractions.

Taking first place, the Juniors decorated to the theme of "Fantasyland". Creating a miniature world out of the quad, the Juniors highlighted on such places as Japan, England, Africa and of course, our own Santa Cruz, California.

"Vacationland" was the theme in which the Sophomores dressed and decorated, taking a first and a second place respectively. Using props such as cars, boats, and sand vehicles, the Sophomores fulfilled every aspect of their theme. Completing their idea they dressed as tourists, campers, and beach bums.

Dressing to theme of "Desertland" the Freshmen captured first place. Sheiks, oil tycoons, and genies wandered among the pyramids, tents and camels that filled the quad.

Topping off the week the student body participated in Playday where the Seniors and the Sophomores were victorious. Holding to the new tradition, Playday was held in the gym for the second year. Highlighting this hectic week the Lancer Football team trampled the St. Ignatius Wildcats 17-3.

Born to be Wild

We've got the Spirit

Smiles abound in the faces of St. Francis students. Why? Because St. Francis Spirit leaves almost nothing to be desired. There is an air of unity present while walking through the quad or in the rooting section at a football game. The turnout at school sponsored activities and sporting events is incredible. There is an overall good feeling among the students. They feel good about where they are and who they are with. Even the attitude in the classroom is refreshing. As ***Mr. Adams*** *puts it, the students "like being here and they like each other." Spirit is mandatory for a school to be "successful". Without it, there would be no will to go to school. Without a will . . . there's no way.*

Under the direction of spirit commissioner, ***Betsy Beasley,*** *and assisted by* ***Todd Nelson*** *and* ***Tony Siress,*** *school spirit became more and more evident as the year progressed. This year's rallies will be remembered for inventiveness and innovation because ***that's entertainment!***

See How They Love

This year, Campus Ministry was busy with several projects. One of these was Christian Service, in which the students gave their time to the elderly at Villa Sienna, Grant-Cuesta, and Independent Aging; the mentally disabled at Agnews; and the less fortunate at Loaves and Fishes and Alviso.

Besides helping others off school grounds. Campus Ministry also lends a hand to the students and teaches them how to help themselves through class masses, Spirit Week masses, reconcilitation, and the silent retreat. Also, the students participated in the annual mission drive in which they achieved 105% of their quota.

One of the highlights of the year was having the privilege of having Bishop DuMaine on campus for a visit.

Campus Ministry was guided by Director Sr. Katherine Kase and Assistants Bro. Joe Tomei, Ms. Karen Filice, Mr. Sal Chavez, Fr. Don Dilg, and Mr. Alan Crowley.

Marching to a Different Drum

We've got the Beat . . . . .

Under the new direction of ***Charles Iwanaga,*** *the band began its usual hours of dedicated rehearsal starting in August. Their labors resulted in the expert field shows displayed at all home football games.*

Among other activities, the Royal Lancer Band has participated in Field Show Competitions, placing third and fourth in two of the competitions, and has marched in two local parades.

Our clan of musicians drummed-up spirit at rallies and basketball games, entertained us with three concerts during the year, and embellished the production of this year's musical "Oklahoma."

The annual Spring trip took the band to Southern California, where they participated at the Magic Mountain Band Festival.

So much energy emanates from this group that a new faction has materialized: the Jazz Ensemble. Although still a fledgling organization, enthusiasm, involvement and dedication will surely inspire jazz flights of fancy. This year, the Jazz Ensemble performed at Fresno State University and San Jose State University.

"Color Guard members included Kirsten Bosten, Kara Boulger, Amanda Clark, Meagan Dietz, Julie Fullerton, Monique Garcia, Nancy Hintz, Marie Hughes, Elisa Lien, Jill McLaughlin, Cynthia Pollard, Kathleen Pollard, and Joy Whittier."

We appreciate the Band's many hours of rehearsal, performances, and activities.

Christmas Cheer

It started with a little introduction by ***Charles Iwanaga,*** *the band director, about the performances in the beginning of the year, the curtain opened and with a wave of the conductor's baton the Christmas Concert was underway. The concert was put on by the St. Francis Marching Band. It has become a tradition to preform Christmas melodies for the enjoyment of parents, friends, and fellow music lovers. Not only were the famous Christmas carols like Sleigh Ride and Rudolf played, but the Jazz Band featured many of the more recent, popular hits. This was Mr. Iwanaga's (known to his friends as Mr. I) first formal concert and it was excellent. The band's performance was the best in a long time. Santa Claus was there to present each of the band members with a gift, along with the present for Mr. I from the band. After the concert there were hors d'oeuvres and refreshments that were enjoyed by all.*

And the band played on . . .

The Spring Concert was one of the most varied and enjoyable concerts the band has done. It started promptly at 4:00 with the National Anthem. The Concert Band performed numbers from famous musicals, including "Fiddler On The Roof," "The Music Man" and "Jesus Christ, Superstar." A 15-minute intermission followed, with cheese, popcorn, and champagne being served.

The second half of the Spring Concert focused on special groups and solos. The drummers did a solo, "Nails." Next, the St. Francis Lancer Colorguard performed two numbers. "We Got The Beat" and "Everybody Rejoices" were well performed. After the Colorguard left, Debbie Blofeld entered and performed a baton routine. The Jazz Band then performed five numbers, including "Amigo." Solos were done by ***Mike Rasche, William Holway*** *and* ***Kathy Smith.***

The Concert Band returned to the stage, doing an encore of "The Thunderer" by John Philip Sousa. The concert was longer than usual (almost 2 hours) but everyone had a good time.

One Act is All it Takes

"Get into the Act" said the sign advertising the November One Act Plays, and that is just what people did. Students and parents flocked to the A. V. Room to check out the year's newest plays. The year's first theatrical production was under the direction of ***Father Don Dilg.*** *The cast consisted of 14 students from all different classes who performed three of the best plays that have come to St. Francis: "Tell It Like It Is," by Conrad Bishop, "A Separate Peace," by Tom Stoppard, and "The Murder of Lidice," by Edna St. Vincent Millay.*

"Tell it Like It Is," is a story about a young woman, played by ***Julie Irwin,*** *who is getting fired because of her kindheartedness which does not fit the job description. Her boss is played by* ***Miles Murphy.*** *It is a lighthearted satire but presents a pointed image about how our society institutionalizes feelings.*

"A Separte Peace," tells of a middle-aged man, played by ***Tad Lacey,*** *wandering into a nursing home looking for help, even though there is nothing physically wrong with him. The doctor was played by* ***David DeFranco*** *and nurses were played by* ***Julie Morey, Susan Skok,*** *and* ***Maureen Carter.*** *The man is a victim of war and has trouble finding peace within himself.*

"The Murder of Lidice," was the last of the One Acts and it was the most challenging. It was a play arranged for "Readers Theatre," meaning it was performed without the use of sets, props, or costumes, and involved the imagination of the audience as the actual setting of the play. This play is based on a true incident, a massacre that occured in the once peaceful town of Lidice in 1942.

The styles of the plays this year ranged from broad satire to poetic tragedy; and were a real challenge to the ability of the actors and the appreciation of the audience.

OKLAHOMA, OKAY!

"You're looking fine, Oklahoma . . . " In the spring of 1983, the St. Francis thespians presented the musical OKLAHOMA! This romantic comedy was the story of two cowboys and their somewhat rocky romances. It is set in the Oklahoma territory right before it became a state. Curly, the rugged but loving cowboy, was played by ***Kevin Lyons. Susan Thompson*** *played his beautiful sweetheart, Laurie.* ***Tad Lacey*** *played the not-too-bright but unwavering cowboy, Will Parker. Ado Annie, Will's undecided girl, was portrayed by* ***Lisa Sobrato. Miles Murphy*** *played the Persian peddler Ali Hakim, and* ***Paula Frank*** *played Laurie's Aunt Eller.* ***Trent Jones*** *played the growly Jud Fry, and the flirtatious Gertie was portrayed by* ***Carolyn Kuhl. Paul Araquistain, Bill Loney*** *and* ***Mike Laster*** *played Andrew Carnes, Ike Skidmore and Cord Elam respectively.*

After rehearsing for two months, the large cast was more than rewarded for their work on opening night. The show opened on March 4th with other performances on the 5th, the 11th and the 12th. All the performances were sold out with a crowd of more than 400 at each. Much of the credit for the success of this show belongs to its talented director, ***Beverly Hilliard. Fr. Don Dilg*** *also played a key role in putting together this extraordinary production. Mother Knows Best

Move over dad, it's time to make room for mom. It was Sunday, January 30th and time for mother and son to mosey on down to St. Francis for the Mother/Son Event. Based on the success of last year's Mother/Son Square Dance, the Women's Club members decided to make it an annual event. Along with the western square dancing, a slight tinge of Mexico was added as tacos and burritos were served for dinner. The turn out was great and many left with the prizes they had won in the raffle.

Steppin' Out With Daddy

Steppin' Out with Daddy was the theme for the Father-daughter dance which took place on March 23rd. The festivities began at regular dance time which is 8:30 and ended at midnight. Raskob Gym was decorated with colorful banners and streamers. Approximately 125 father/daughter couples attended the dance and danced the night away to the music of Nickelodeon. The D.J.s were Carl and Michael. Photographs were also taken at the dance by Sanford and Myers. The dance was sponsored by the Spirit Groups; however, the Interact Club helped out by serving refreshments. The dance committee was composed of Melinda Azzopardi who created the bids, Christine Souza who was in charge of decorating the gym, and Linda Ward who was the coordination chairperson. It was an enjoyable evening and one that will be remembered by the girls and their fathers.

KMEL is Comin' to Town

The Camel is back!!

Due to popular demand, radio station KMEL provided the music for the 1982 Christmas Dance. The KMEL disc jockey spread a little Christmas cheer by giving away KMEL t-shirts, posters, and stickers.

It seemed to work out well judging by the attendance. Holding to one tradition, the dance was sponsored by AFS/International Club and the Royal Lancer Band.

Because the Homecoming Dance was a mixer this year, the Christmas Dance returned to the old tradition of a semi-formal dance.

Mickey and Minnie Mouse, maids and butlers, gangsters and show girls. What do they all have in common you may ask. They were all gathered together for one big bash on February 19th in Raskob Memorial. It was the annual Sadie Hawkin's Dance. It is the one time of the year where the girl can ask the boy of her dreams for a date. It was quite a shin-dig that lasted until the cows came home, and the hundreds present danced the night away to the sounds of KMEL. The dance was sponsored by the Sophomore class who did a great job decorating for and organizing the event.

Round 'em Up

Nine thousand people in all traveled by foot, car, and public transportation on the weekend of April 22 to take part in the Western Round-Up. Sponsored by the Men's Club, Western Round-Up has been a tradition at St. Francis for more than two decades. This year's Round-Up was plagued by rain, but that didn't keep them from making over $25,000 on the booths and $36,000 on raffle tickets. The money earned will be distributed to areas where it is most needed; such as tuition fees and the purchasing of new computers.

It seems that Friday night was the night that attracted the most people, however Sunday was the day when the most money was made. Of course with the Western Round-Up, comes the traditional Sunday Chicken Bar-B-Que, which proved to be a great success. Over 1,300 dinners were served.

Western Round-Up also featured an Art Exhibit. This exhibit featured the work of many talented artists and seamstresses at St. Francis, and provided an opportunity for parents and friends to view these fine pieces of art. The Western Round-Up was a great success. Thanks to all the volunteers who donated their free time to such a good cause.

Behind the Scenes

Football, basketball, soccer, track: when most people hear these words, they automatically think of the team players. There are, however, contributing team members that are often not given official recognition in the line-up—the trainer, manager, and statistician. These hard-working, behind the scenes "angels of mercy," try their best to insure the smooth running operation of the team.

The trainers are comparable to physical therapists. Their job is to keep the players in top physical form. They practice preventive medicine, encouraging the players to exercise and eat properly. Most of the time they remain on the sidelines, watching the game with deep interest, but ready to take care of any injuries that occur.

The manager's responsibility is to work with the coaches in avoiding any unnecessary delays and assure the smooth running operation of the team. The managers prepare the equipment and the players for the game.

The statisticians, usually two or more per team, keep official records of all statistics pertaining to the game. With these "stats" the game can be reviewed and with coaching expertise the game can be improved. They keep the "official" score book for all home games and it is those stats that go into the official log for individual performances throughout the season.

So, in the future, remember the next time you hear people talking about a particular sport and the people that make up the team remember the most important players of all—our managers, trainers, and statisticians.

Can't Be Beat

Like the song says, St. Francis spirit "Can't Be Beat." This is the attitude this year's spirit groups took after attending camp last summer where the theme was "Can't Be Beat." The Varsity Cheerleaders came home from camp with the Unity Award, which was the most prized trophy of the session. After a long summer of practices, rally-planning, and routines, the Football and Basketball Cheerleaders, Lancerettes and J.V.'s were ready for a spirit-filled year. As moderator, ***Miss Holmes*** *said, "People don't realize being a spirit group member is a year long activity."*

A new look was undertaken this year with only two male cheerleaders, ***Todd Nelson*** *and* ***Jim Downey,*** *and the combining of the former song girls and drill team to make one group of ten to be called the Lancerettes. Captain* ***Shelli Goth*** *sparked her squad to perform numerous routines such as "Words," "Drop the Bomb on Me," "Money, Money," and many more. The end result was a more professional squad.*

The Cheerleading squads were more evident this year in their support of all sports. The individual Football squad, under Captain ***Christine Souza,*** *and Basketball squad, under* ***Katie Krackeler,*** *provided extra support for their teams. Who will soon forget the zany entrances of the Football Cheerleaders? Would you believe a limosine, fire engine, bicycles? Varsity Football— BETTER than ever

No one can stop them! This was the concensus of the 1982 Lancer Football opponents. St. Francis opened up the season as the #1 team in the Central Coast Section and remained at the top throughout the season.

"This is our year to be on top."—Don Gambelin

Don's prediction was right. Their opening game against Saratoga gave the Lancers a big test of their ranking. Going against a big experienced team ***Greg Calcagno*** *passed the team to a 17-6 victory. The following three weeks of preseason games brought Lancer conquests over Oak Grove (26-7), highlighted by* ***Tyrone Gates*** *193 yards rushing; Cupertino (24-3) and Terra Nova (21-7). The Mighty Lancers were now geared up for the W.C.A.L. opener with arch-rival Bellarmine.*

The St. Francis-Bellarmine game was dubbed the "Game of the Year" and indeed it was! ***Mike Monnard's*** *great touchdown catches and* ***Gary Dorsey's*** *field goal gave the Lancers an emotional 17-3 victory in front of 12,000 fans at Buckshaw Stadium. The Bellarmine game was a tough act to follow when Serra proved to be a determined opponent. Interceptions by* ***Tim Tobin*** *and* ***Brian Quinn*** *kept the Lancers in the win column once again.*

A spirit-filled Homecoming crowd watched the Lancers beat S.I. (17-6). The next week it overcame a fiesty Mitty squad. The Lancers squeaked by with a 18-17 win.

*After a much-needed bye, the Lancers conquered the two city schools, Riordan and Sacred Heart, to finish an undefeated league season—****the first in SF History!***

Our fate was determined, and St. Francis moved onward to the playoffs which only the next two pages can explain.

Swimcess

"Ever-successful" describes the 1982 Lancer girls' swimming and diving team, both on the Junior Varsity and Varsity levels. After winning the Saint Francis Autumn Swimming Invitational, which hosted many of the best teams in the Central Coast Section, the team finished the league dual meet season undefeated with a record of 6-0. Then with the theme of "We'll Fight It!", the swimmers and divers won handily the DeAnza Athletic League Championships. This was the final meet for the JV team and they rose to the occasion by winning the meet by over 200 points and capturing first place in every single individual, as well as relay, event — an unprecented feat!

"Everybody's Swimmin', Swimmin' S.F.H.!!"

At the climax of the season, the Lancers girls united once again to defeat powerful Saratoga and Leland swimmers for the Central Coast Section Championship Title. Numerous best times, school records, and All-American honors were achieved at the meet which was highlighted by much team spirit and spectator enthusiasm. Finalists at the meet included divers: ***Sue McDaniel*** *and* ***Julie Palmer****, and swimmers:* ***Catherine Capriles, Annie Iantosca, Shelby Monnard, Jennifer Lott, Danielle Swiontek, Emilie Armanasco, CeCe Bauknight, Linda Carney,*** *and* ***Mary McDevitt****.*

Up and down was the way our hoopsters season went— and not only up and down the court. Victories at home were many (only two losses- to city teams Riordan and Lincoln), and upsets over Saint Ignatius, Sacred Heart, Fremont Christian were great. The Lancers won both of the two pre-season tournaments they entered, both the James Lick and their own. The latter final game was one of the most exciting games of the year, with the Lancers scoring 5 points in the last 19 seconds to win. On the down side, the Lancers failed to win any away games in the WCAL, although a double overtime loss to Serra, a two point loss to Bellarmine, and another two point loss to Riordan were very close. Over two-thirds of the league games the Lancers participated in were either won or lost by three points or less. Overall, however, the Varsity Basketball team played very well in an extremely difficult league, and earned their overall record of 16-9.

"Games were close which made the season fun and exciting." -Ralph Roberts.

Excellent performances were turned in by freshman ***Mark Hanson*** *in the 100 & 200 meter runs, who was league champ, and sophomore* ***Paul Sorenson,*** *who was league winner in the shot put. We can expect great things in the future from this young squad.*

KSFH Radio—90.5 FM

KSFH-FM, Mountain View's only radio station, first powered-up its transmitter in 1975. Since then, it has pounded the airwaves for eight years. With a broadcast frequency of 90.5 FM, KSFH can be picked-up from Stanford to San Jose. It is the only one of three high school radio stations in the state of California.

With the help of Moderator ***Mr. Rigot*** *and General Manager* ***Eric Lindholm,*** *along with the rest of the Engineering, Business, and Management staffs, KSFH has obtained high-quality studio equipment, and has boosted its membership roster to over 60 members.*

Besides the usual Top-chart Rock, KSFH offers a variety of musical formats very rare to most radio stations. These formats include Classical, Classic Rock, Easy Rock, and even New Wave. KSFH has found great success in broadcasting Lancer football games this past year, and plans to expand its sports broadcasts to include Baseball and Basketball next year.

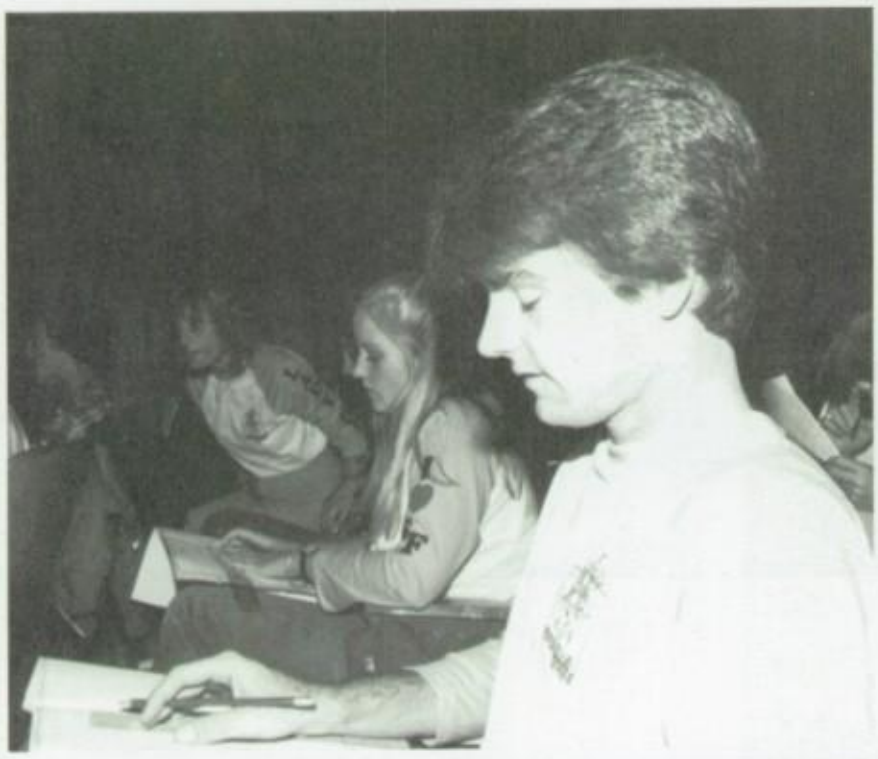
Yearbookies in Action

Working day and night, writing, editing and rewriting, going against all odds and problems, struggling to reach that deadline—are the "Yearbookies" of the yearbook club. The work done by these individuals often goes without notice. Did you know that the Yearbook office is open after school for about an hour five days a week—or that the editors work from September far into Summer Vacation? But don't get the idea that a "yearbookie" is all work and no play. They have parties like the Chuck E. Cheese and Bowling Night, take trips to the water slides, and even celebrate birthdays at their weekly staff meetings.

This year success would not have been possible without the help of Moderator, ***Diane Griego*** *(Lady Di) and the Editor-In-Chief,* ***Katie Dougherty.*** *These two worked together coordinating and organizing the staff and going to Yearbook Workshops long before the school year ever began to create this award-winning yearbook. Of course not all the work was done by the "dynamic duo", they did have help from:* ***Sylvan Adams-*** *Assistant Moderator,* ***Kittie Pozos-****Girl's Sports Editor,* ***Todd Nelson-****Boy's Sports Editor,* ***Tom D'Urso-****Photography Editor,* ***Linda Hillier*** *and* ***Mary Ellen Fretz-****Clubs and Activities Editors,* ***Paula Frank*** *and* ***Anne Campbell-****Class Sections Editors,* ***Tony Siress-****Associate Senior Section Editor, and of course the hard working Copy Editor-****Mike Fassett.*** *Without fine people like the yearbook members there would be no Poverello. So, the next time you see a Yearbookie, think of their contributions and dedication to the Yearbook Club.*



Enthusiastic editor, ***Todd Nelson learns layout*** *principles during the Monte Vista workshop.*

"Come on ***Mike Fassett, don't be bashful,*** *smile for the camera," says* ***Mary Ellen Fretz.***

Ever-smiling Chris Johnson *from Sanford and Myers Photographic Studio, whose assistance does not go unnoticed. Thanks!*

Bottom Row: Katie Dougherty, Todd Nelson, Kittie Pozos, Linda Hillier, Mary Ellen Fretz. Middle Row: Mike Fassett, Paula Frank, Anne Campbell. Top Row: Tom D'Urso, Tony Siress, Mrs. Sylvan Adams, and Mrs. Diane Griego.

"Yearbooking" began exceptionally early this 1982-83 year with Editor-in-Chief **Katie Dougherty** and Advisor **Mrs. Diane Griego** attending a week-long workshop in Logan, Utah, in July. Highlights of "Yearkbook West" included the actual production of a 16-page mini-yearbook, a tour of Herff Jones yearbook plant, and lots of hard work intermingled with lots of fun. **Katie** earned first-prize honors for headline writing and a third-place award in theme team competition. The entire Poverello staff took part in the start-of-school picture-taking process and editors later attended a "nuts-and-bolts" workshop at Monta Vista High which included sessions in layout design, copy writing, art, graphics and photocropping.

The **"dynamic duo," Katie Dougherty** and **Mrs. Griego** in action.

Lady Di instructs Clubs and Activities Editor **Linda Hillier** on the finer points of yearbook production.

Your math teacher asks you, "If six hens can lay three and a half eggs in as much time as it takes Carl to paint half the fence, how many eggs would three and a half hens lay by the time Carl paints three and a half fences?" What would you do? ***What would you do?*** *Why you would ask* ***Maureen Kelly '86*** *because she is a whiz at solving math problems. "She's courageous,' says her brother Jim, "and she isn't afraid to try to tackle any problem."* ***Maureen*** *seems to have a natural talent for math and she is able to figure out the problems of the week from Mrs. Bohrer faster than some of the juniors in the Math Club. Her talent goes farther than just mathematical problems. No matter how intimidating something is, she keeps on trying until she is able to conquer that problem. Even though she hasn't entered many math contests, many think that she shows great potential for winning many in the future. Although some people think it is strange to find problem-solving enjoyable,* ***Maureen*** *feels that the longer the time spent on a problem, the more satisfying it is when you solve it. "I like incorporating logic into the problems, not really using any formulas. I don't like it when a teacher gives you a problem and tells you how you should solve it—that takes all the fun out of it." She is a girl with an exceptional talent that will probably play a major part in her future career. By the way, if you are still wondering what the answer to the above problem is, it's 14 and 7/24 eggs. If you still don't understand, you had better talk to* ***Maureen.***

'I like to be on the forefront of technology.'

Peizo-Electronic Audio Transducer, obcilloscope, cathode ray tube—sound confusing? It wouldn't if you were a computer designer like ***Bill Bencze '85****, who builds and designs his own computers. 'Skating is really a challenge. I love the competition.'

"It all started when I was 12 and a friend of mine took me ice skating," says ***Doreen Cusumano '85,*** *"and I guess it was then that I fell in love with it." What started as a social activity, soon turned into rigorous training - - Monday through Friday from 5:00 a.m. until 7:00 a.m. Even though she has only been skating for three years, Doreen is an exceptional skater and has received many awards for her outstanding talent. In 1980, at Ice Skating Institute of America, she placed second in the national competition at La Jolla, CA, in the Free Style 5 level and at the Central Pacific Coast Regionals, she placed second. She plans on attending the Ice Skating Institute of American Nationals in Dallas, Texas in the summer of '83 and will compete in the Free Style 8 level. She plans to try out for the Ice Capades after she gets out of college, and she says she will probably teach ice skating to work her way through college.*

'When I am flying I feel free and nothing can stop me.'

"When I am flying the view is to beautiful that I don't ever feel like landing," says ***Heather Armstrong '84,*** *"It's so peaceful. There's not traffic, no other people, just the birds and clouds."* ***Heather*** *is currently taking flying lessons and she is waiting for the day when she gets that chance to solo for the first time. Her flying career started when her father bought a Piper Trubo Lance II as an investment. She really wanted to learn how to fly because she always wanted to be able to do aerobatics. For six weeks she attended ground school where she learned the basics: how the engine works, why a plane is able to fly, and all the instruments in the cock pit. During the summer she would fly with her instructor almost everyday, but due to her school schedule,* ***Heather*** *is only able to fly on Saturdays. She has completed about 20 of the 40 hours of instruction needed to get her license and is close to being able to solo. After she completes her 40 hours she must take a written test and then go up with an examiner to be evaluated, much like a behind-the-wheel test for getting a driver's license.* ***Heather*** *is the fourth in her family to learn how to fly and she says there will be two more.*

A Time For Us

"It was the best dance ever . . . I wouldn't have missed it for anything!"
—Paula Frank

The Junior Prom took place on April 16, 1983, at the Red Lion Inn in San Jose. The evening began at 7:30 p.m., at which time those who attended dined on prime rib, assorted vegetables, and dessert.

It didn't take long before the prommers were dancing to songs such as "Video Warrior" by ***Wildfire.*** *The evening would not have been possible without the hard work of the class officers:* ***Margaret Wilmer;*** *President,* ***Emilie Armanasco;*** *Vice-President,* ***Connie Teresi;*** *Secretary/Treasurer, and Senators;* ***Geoff Doiron*** *and* ***Sheila Ward.*** *Many thanks also to* ***Mrs. Patty Tennant****—class moderator, and the many chaperones who attended.*

It was "A Time for Us" and as the evening progressed it was easy to see it would be a night not soon forgotten.

Pretty prommer poses for the camera as ***Craig Jones*** *walks by.*

Having a good time, ***Kerry*** *and* ***Miles Murphy*** *pose for the camera.*

The Junior class ***rocks*** *to the sounds of* ***Wildfire.***

Tomorrow

What one person considers a fun time isn't always what the next does, but I think it's safe to say that under all those tuxedos, corsages, and gorgeous gowns, a few of the most fond memories occurred at the class of 1983's Senior Ball. On Friday, May 13th, students and chaperones gathered at the Red Lion Inn in San Jose for a gala evening. The music was provided by KMEL, who was definetly ROCKIN THE BAY!

Over 180 couples attended the dance with the theme of "Tomorrow is Just a Dream Away." Pictures were taken as the couples arrived and then everyone sat down for a hearty meal of prime rib, potato, and salad. Then KMEL and their disc-jockey Gino Michellini got everyone on their feet to some current hits. Who will forget Sister Bayhouse's solo dance to the song "Charlotte" or the St. Francis version of the "Animal House" soundtrack?

*The dance was a big success thanks to the driving forces of the Senior Class Officers. (**Matt McCormick**-President: **Kevin Gillette**-Vice-President;**LindaWard**-Secretary/Treasurer; **Rob Durkin** and **Brian Quinn**-Senators) Friday, May 13th, 1983 will be remembered as the night of the Class of 1983 at the Red Lion Inn.*

Seniors Gather

Steak, eggs, muffins, and cantaloupe . . . What does this sound like to you? If you answered food, you're only half right. It's the menu for the 1983 Senior Brunch. This last gathering before graduation was held on May 20th at the Red Lion Inn in San Jose.

While checking in, the soon-to-be graduates gathered around the lobby reading their copies of the "Seniors' Last Wills." They received an Autograph Supplement—a gift from the Poverello Staff to the seniors. This supplement allowed the seniors to sign each others' yearbooks, in a sense. It can be inserted into each book. Also, the seniors received their senior ball portraits.

After the meal, the Seniors listened to the Senior Class Officers and Mrs. West bid them a final farewell.

We Are the

After a morning of munching at the Senior Brunch, the Class of 1983 and their families gathered in Raskob Memorial for the Baccalaureate Mass. This final Mass in the St. Francis Community was held the night before Commencement.

When people hear the word "Baccalaureate" everyone wonders what it means. It is a gathering to celebrate the coming event—Graduation.

We are the light of the world and let your light shine wherever you go. *This was the theme of the 1983 Baccalaureate Mass. Seniors processed in with lit candles and met* ***Father Don Dilg*** *at the alter. While surrounding the alter, the Seniors listened intently to* ***Brother Matthew's*** *gospel reading. Then they dispersed to "spread their light" and sat with their parents.*

At the conclusion of the Mass there was a slide show meditation to the song "Memories," which was put together by ***Miles Murphy.***

Graduation-

Who will forget ***Tim Tobin's*** *rehearsed "trip" at Graduation, or the antics of various other graduates? Despite this and the throwing of the caps, 1983's Graduation was a success.*

1983 was the second graduating class to graduate from De Anza's Flint Center. In September when the Senior class heard that they too would be graduating at Flint, there was much uneasiness. But, when May 21st arrived, the decision was accepted by all. Admission was by ticket only until 9:50 when the doors were open to the public. The result was a capacity crowd.

Commencement means a new beginning. It is the culmination of four years of happiness and sadness, joy and pain, trying to succeed and sometimes making it. Many graduates were sad during the ceremony as they realized that they may never see certain friends or St. Francis High School again. Actually, they will always be a part of them because the lessons they learned at SF will constantly be reflected in their everyday lives. And memories last forever! Many graduates may be upset at leaving certain aspects of St. Francis behind and others my not, but I'm sure most of them will ***LEAVE THEIR HEARTS AT SF.***

T.G.I. Over

*To the **few** people that read the last page . . .*

As Ken Hillier said last year, "Editors will come; Editors will go. But the Poverello's gonna go on forever!" Well, this statement is a true one, because this editor is going but the Poverello is still going on. And there will always be a part of me left at SF and for the Poverello. This part of being Editor-in-Chief is the hardest for me to do. Compared to this, layouts and copy are a breeze. It is also the saddest part of editing. With the signing of this letter my duties as Editor-in-Chief are over and I also leave everything about St. Francis behind. All that I am left with are the memories and these are all good. Everything about SF has been good.

*There are many people I have to thank and to those I may forget . . . a million thanks. To my family and close friends, thanks for putting up with me and my moods at deadline time. It wasn't easy, I know. Also, thanks for all your inspiration. To my staff, **Mrs. Griego** and **Mrs. Adams** you're the best!! Without all of you this book would not be the quality that it is. It's a great book and you're the cause of it. **Annie** and **Ellen,** much luck next year. You two will be great, but don't make me look too bad. **Todd,** you were the rookie of the staff, but you proved yourself. You did a great job. You're section is tops, you should be very proud of it. **Kittie,** I didn't see you working much, but you always came through. Thanks!*

***Mary Ellen** and **Linda,** I know it was rough sometimes, especially the mini-mag, but it's over now and you were great. **Mike,** sometimes your copy was late, but when we got it the majority was good. **Paula,** I know you're job was small, but thanks for getting it done when we asked. **Anne,** thanks for being so dedicated. You're going to be a great Editor-in-Chief. **Tom,** You did it! Thanks for organizing the photographers and getting the photos taken. **Ellen, Miriam,** and **Traci,** thanks for being around to do whatever we needed. To **Tony** and **everyone that I never saw working,** thanks for all your help. Without each and everyone of you, from editors to the helper that only came in once in a while, this book would not be possible. A book of this magnitude takes many man hours to produce.*

Now to cover a few more areas. The I❤SF theme that we came up with in September has a lot of meaning. The unity of the classes, the spirit of the school, and the all-around love for one another that is felt at St. Francis is phenomenal. I hope that everyone remembers this love, and I hope that everyone will always remember the good times we've had at SF.

*As I said before, many many long hours of work are put in to produce a 232-page book. Hours that sometimes go into the early morning. Because of production hours, if we were to have a spring delivery book, we would not have any spring sports or activities, senior activities, and anything that happend after February. Think about it, would this truly be a **yearbook**?*

*This letter is already too long, but before I sign my name to it there is one more V.I.P. to thank. **Mrs. Griego,** you're the best! Thanks for putting up with all of us and our late night deadlines. I know it was a rough year and I wasn't always as understanding as I could have been. It was tough but now it is over and there are no more "Katie" ideas to put up with or try to find money for. Thanks for everything—advice, friendship, and help. You're the greatest and I appreciate everything. My senior year was real special and you were a big cause of it.*

Well, it is time for me to go now—to leave St. Francis. Good luck to everyone in their future endeavors. I hope that everyone will have as much fun at St. Francis as I did. I can truly say that I❤SF and that I will leave my ❤ here.

Sincerely,

Katie Dougherty
